Town Manager's Report

BOARD OF COMMISSIONERS REGULAR MEETING | FEBRUARY 5, 2024

TOWN OF HOPE MILLS PROJECTS and ACTIVITIES

JOHN W. HODGES PUBLIC SAFETY CENTER: Final walk through with C.E. Gleason Constructors Inc for the John W Hodges public safety Center is set for February 8, 2024. Walkthrough will be conducted by the Superintendent from Gleason along with Scott Garner with Garner & Brown Architects, Public Works Director Don Sisko, and Finance Director Drew Holland.

TOWN OF HOPE MILLS WEBSITE: The town staff website committee met extensively with Civicplus on our continued effort on the redesign of the Hope Mills website. We are currently exploring design options and have recently taken headshots for our elected, executive staff, and department heads.

TOWN HALL ADA COMPLIANCE: As previously reported, Public Works staff is working on upgrades to the rear doors of Town Hall to bring them into compliance with ADA Standards. Upgrade construction will begin on Tuesday February 6, 2024.

NC LEAGUE OF MUNICIPALITIES TECHNICAL SERVICES PROGRAM: Staff met with the team at Witt O'briens who is our grant representative for the NC League of Municipalities grant program. Staff informed them about the new FAMPO RAISE Grant and coordinated a meeting between them and FAMPO representatives as the town would like to pursue this grant opportunity. Staff has also provided them with plans and studies as they gear up to begin targeting the scope of work for our desired projects.

CGI DIGITAL: Staff has executed the contract with CGI to begin work on updating our branding videos for the town of Hope Mills. At no cost to the town, this is a unique opportunity to continue to tell our story on the quality of life, services, and the many activities we have to offer to the general public. The updating of the branding videos will coincide with the update to our Town website rollout.

HOPE MILLS STANDARDS AND SPECIFICATIONS: Our public works department is working diligently on an update to the standards and specifications manual to streamline the regulations tied to construction. Staff is working through the Plan Review division to cross reference regulations in the Stormwater and zoning ordinances.

HOPE MILLS SUBDIVISION & ZONING ORDINANCE UPDATE: Planning staff is finalizing the amendments to the zoning and subdivision ordinances. Some of the major highlights are increasing required landscaping, regulating vape/tobacco stores more heavily, more stringent regulations tied to streets. Staff is also working with the Stormwater and public works departments to streamline regulations tied to street acceptance and Stormwater.
